			Unexpected accidents can happen, like burst pipes, fires and thefts. Just because you rent, doesn't mean you don't have responsibilities. You could lose a lot of money and you could be held liable for damages you may cause both inside and outside your unit. Not to mention, to be fully lease compliant, you must have tenant insurance in place before you can receive a key to your unit.
			We have a SOLUTION To help everyone in the building with the points mentioned above, we have partnered with TenantSure across all our properties to provide treannt insurance at group discount rates. Signing up is easy, and can be 100% ompleted and approved online Get Coverage

IMPORTANT: If the tenant has not signed up or provided proof of renters insurance the portal will let you know with this notification tab on the left hand side.

IMPORTANT: We require each of our tenants to have renters insurance. To sign up or provide proof this must be done through the TENANT PORTAL.
